DETAILED ACTION

Response to Amendment

1. Due to the new grounds of rejection, this action is Non-Final.

Claim Objections

2. Claim 9 is objected to because of the following informalities: "infernal" appears to be a misspelling of the word "internal." Appropriate correction is required.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claim 13 is rejected under 35 U.S.C. 102(b) as being anticipated by Kusz US 5,803,287.

Kusz '287 teaches a container with an external finish (28), a thread (30), and at least one external radial projection (34).

Allowable Subject Matter

5. Claims 1, 3-9 and 11-12 are allowed.

Response to Arguments

6. Applicant's arguments with respect to claims 1-14 have been considered but are moot in view of the new ground(s) of rejection.
